

## **MATHLEAGUE.ORG**

Results from the March 2012 Elementary School NorCal District Playoff  
Held March 10, 2012, at Winston Churchill Middle School

33 students officially competed in the District Playoff, having qualified through their scores in two previous competitions earlier in the school year. The students, from 18 schools in the Sacramento area, consisted of 20 fifth graders, 9 fourth graders, and 4 third graders. The students took four challenging test events involving various mathematical questions and styles of problem-solving.

Awards were given to the top students in each grade based on their overall Math score (derived from the scores on the Number Sense, Sprint and Target Tests), and to the top school teams based on the sum of the individual Math scores (divided by four) plus the team's score on the Team Test.

The top four students in Individual Math at each grade level, as well as the students on the top two teams, qualified for the MathLeague.Org State Championships to be held on Saturday, May 19 (site to be determined).

Only the results announced at the contest results are given here, but all scores are given so that students may see how they placed within their grade level or as a team. In accordance with privacy policy, only the first name and last initial is given for a students. A PDF version of these results may be downloaded from the site.

### ***Individual Math - 3rd Grade***

<u>First Name</u>	<u>Last Name</u>	<u>Team</u>	<u>School</u>	<u>Score</u>
Karina	A	Infinites	Rocklin Academy	138.75
Mario	I	Judah-1	Theodore Judah ES	86.75
Achyutha	K	Pershing-1	Pershing ES	74.00
Advait	T	Judah-1	Theodore Judah ES	68.00

### ***Individual Math - 4th Grade***

<u>First Name</u>	<u>Last Name</u>	<u>Team</u>	<u>School</u>	<u>Score</u>

			0	14.75

## ***Math Bowl***

Before the results and awards, an unofficial Math Bowl event was held. Groups were ranked based on their score on the Team Test then combined into four-or-five person teams. The teams took place in a tournament where they were matched head-to-head to see which team could answer hard math questions first.

The winning team was the "Magnet Mustangs", consisting of students Om A (from Russell Ranch ES), Alexandria H (Del Paso Manor ES), Brianna H (Del Paso Manor ES) and Ian N (Russell Ranch ES).
